CITY OF COOS BAY MISSION STATEMENT

The Mission of the City of Coos Bay is to work as a stable, progressive municipality to enhance the quality of life for all citizens through a government that is accessible to everyone and dedicated to the development of a diversified economy, sound fiscal planning and the preservation and enhancement of the cultural, historical and natural beauty of our area.

Adopted January 2, 2008

CITY OF COOS BAY VISION STATEMENT

Create a safe, clean and inviting City that protects and enhances our unique culture, history, and environment by working in a collaborative partnership that creates opportunities for the South Coast Region through living wages and affordable housing.

Adopted January 2, 2008

City of Coos Bay

2013 Council Goals

Citizen Education & Involvement: Educate, cultivate, and encourage public participation in City government, urban renewal and disaster preparedness.

Top Goal Priorities:

- ✓ Educate citizens on the roles and activities of City government.
- ✓ Educate citizens on the purpose and activities of Urban Renewal.
- ✓ Educate citizens on emergency preparedness.
- ✓ Encourage citizen input and volunteerism in City government.

Infrastructure and Services: To maintain and improve the City's physical infrastructure and provide quality services for current and future citizens.

Top Goal Priorities:

- ✓ Maintain staffing levels to adequately provide core services.
- ✓ Ensure that the City can protect and enhance the useful life of streets, utilities, and facilities.
- ✓ Ensure staff is properly equipped and trained to deliver city services to those who work, live, and visit the City of Coos Bay.

Economic Development & City Revitalization: To create a vibrant community for City citizens and entrepreneurs.

Top Goal Priorities:

- ✓ To promote and assist in the revitalization of the Downtown and Empire URA Districts in an effort to provide development opportunities for businesses and industry.
- ✓ To coordinate with our economic development partners in an effort to attract, retain, and promote expansion of local business opportunities.

Finance: To adopt and maintain a sustainable budget that reflects City priorities and realizes current economic conditions.

Top Goal Priorities:

- ✓ Provide a sustainable level of core services, meet regulatory requirements, and contribute to a stated goal within budgetary constraints of predictable revenue.
- ✓ Maintain public trust and confidence by utilizing resources in the most efficient manner possible.

City Policies & Procedures: To review and evaluate the City Charter, ordinances, and policies to provide for the current and future needs of the citizens.

Top Goal Priorities:

- ✓ Evaluate the City Charter, ordinances, and policies to efficiently address the needs of the businesses and citizens in a cost effective and timely manner.
- ✓ Evaluate the City Charter, ordinances, and policies for compliance with existing and revised federal and state regulatory agency rules.

CITY OF COOS BAY BUDGET MESSAGE FY 2013-2014

To the Honorable Mayor Crystal Shoji, members of the City Council, citizen members of the Budget Committee, and the citizens of Coos Bay, it is my honor and pleasure to submit the City's FY 2013-2014 proposed budget.

The annual budget is the single most important policy document of the City. It sets standards and establishes an action, operational and financial plan for the delivery of City services. It has been prepared to provide a comprehensive overview of all City funds and services, and to give residents a better understanding of the City's operating and fiscal programs. The proposed City of Coos Bay annual budget for fiscal year 2013-2014 has been prepared pursuant to Oregon Local Budget Law and presents my recommendations as budget officer, and it incorporates the cooperative efforts of the City's management team.

Financial Practices and Policies: The proposed budget has been prepared based on the following City policy and practices:

- Revenues are estimated conservatively.
- Expenditures are based on actual experience and incremental increases and/or decreases where needed.
- Reserves should be maintained at adequate funding levels in accordance with generally accepted

accounting principles, and to provide sufficient cash carryover to meet the City's needs until tax revenues arrive in November.

- Capital equipment and vehicles should be maintained and/or replaced so they are in proper working order.
- While this City budget is a one-year document, a multi-year approach is used to consider the future implications of current fiscal conditions and decisions.

The FY 2013-2014 City of Coos Bay budget recommendations for all funds and accounts totals \$47,414,070. The Budget document is organized into 23 funds. These funds are broadly organized into four categories: Operating Funds, Debt Service Funds, Capital Improvement Funds, and Reserve Funds.

- **Operating Funds** provide for ongoing services such as police and fire protection, building services, street maintenance, wastewater collection and treatment, library services, and governmental administration and risk management activities.
- **Debt Service Funds** pay for prior debt which was incurred to complete major community capital improvements.

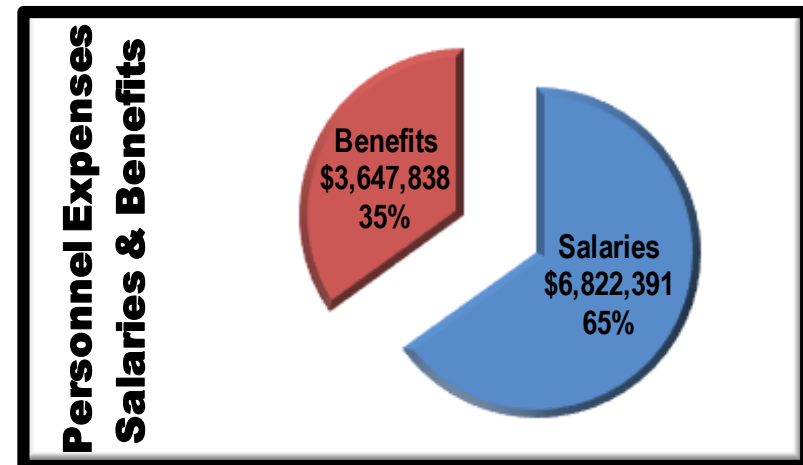

- **Capital Improvement Funds** provide funding for annual improvements such as street repairs, park enhancements, and wastewater collection and treatment infrastructure improvements.
- **Reserve Funds** provide for a mix of physical improvements, vehicles, equipment, and technology replacements.

Operational - Personnel Costs: The City of Coos Bay provides our residents with a wide array of municipal services. Police and fire protection, beautiful parks, street repair and maintenance programs, stormwater and wastewater utilities, and many other fine services which are provided by dedicated City employees. To provide these services to our residents, other City employees are required to supply internal functions in areas such as finance, legal, and human resources services.

Employee salaries and benefits are paid from a variety of revenue sources and some employee costs are paid from more than one source, which you will find are detailed in the budget document. Projected personnel costs include contracted salary adjustments for the City's three bargaining units and are based in part on the current collective bargaining agreements (CBA) with the International Association of Firefighter's (IAFF), Coos Bay Police Officer's Association (CBPOA), and the American Federation of State, County and Municipal Employees (AFSCME). The proposed budget reflects

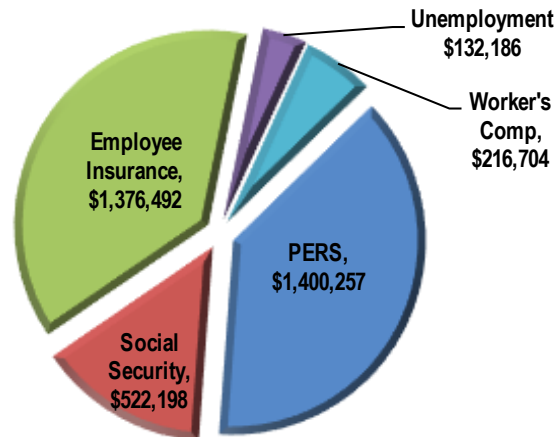

salary increases of 2% cost of living adjustment (COLA) for both represented and non-represented (management) employees.

Personnel expenses comprise 22% of the total City operating budget with salaries comprising 65% and benefits comprising 35% of personnel expenses. Benefits include insurances (health, dental, vision, long term disability, workers compensation, unemployment etc), and Public Employee Retirement System contributions, and social security contributions (tax).

The FY 2013-14 proposed budget reflects more than a 12.5% PERS cost increase and more than a 8% employee insurance cost increase over the FY 2012-13 budget.

**Personnel Expenses
Benefits**

Operations – Materials & Services: Department heads submitted a status quo budget this year that either includes no increases from the previous year or small increases to account for inflation and/or the need to replace critical items. The City continues to contract and/or use public / private partnerships for the delivery of certain services. These include a contract with Operations Management International (CH2MHILL OMI) for maintenance and operation of our wastewater and stormwater systems; the Coos Art Association for operation of the Coos Art Museum; the Chamber of Commerce for the operation of the Coos Bay Visitor Information Center; the Boys and Girls Club for youth recreation services; and the Mingus Pool Association for the operation of the Mingus Pool.

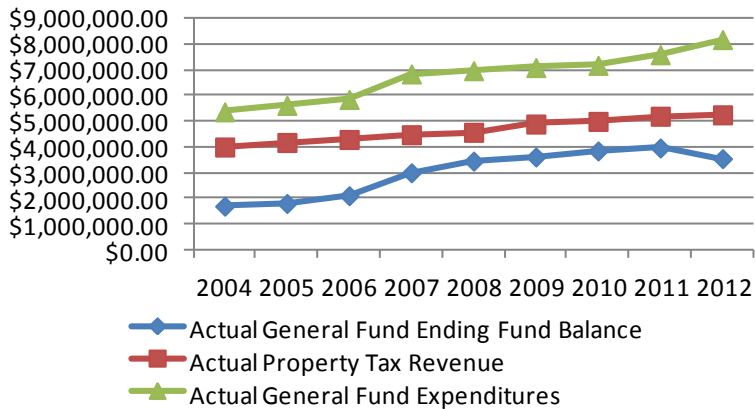

General Fund Revenues: This fund is expected to begin the new fiscal year with a \$2,482,848 beginning fund balance also known as a “Carry Over”. The *Carry Over* is used to *carry* the general fund over a four month period of time where no substantial revenues are received, and it will be used to pay employees and pay the general fund bills from July 1st until mid-November when the City expects the first property tax disbursement from Coos County. The General Fund revenue sources are estimated to be:

1. Property taxes	\$5,144,855
2. Franchise Fees	1,570,000
3. Licenses & Permits	107,300
4. Fines, Grants & State Revenues	646,054
5. Use of Money & Property	91,000
6. Services & Repayments	529,698
7. Other Revenue	27,020
8. Du Jour Financing Repayment	<u>410,733</u>

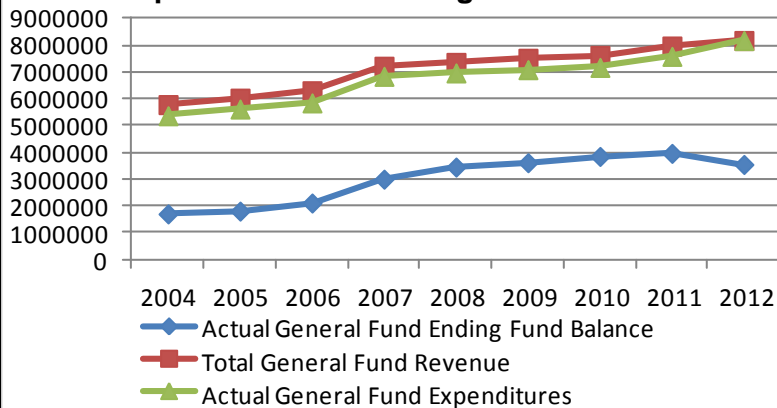

Total (including carryover): \$11,009,508

Property Tax Revenue: Projected property tax revenue reflects continued decrease / flattening of in the growth in property assessments. While expenses have continued to rise, the projected property tax revenue is expected to be approximately 1% less than actually received during the FYE2011 budget year. As is indicated in the following charts, this will result in a reduction of the “Carry Over” (Ending Fund Balance).

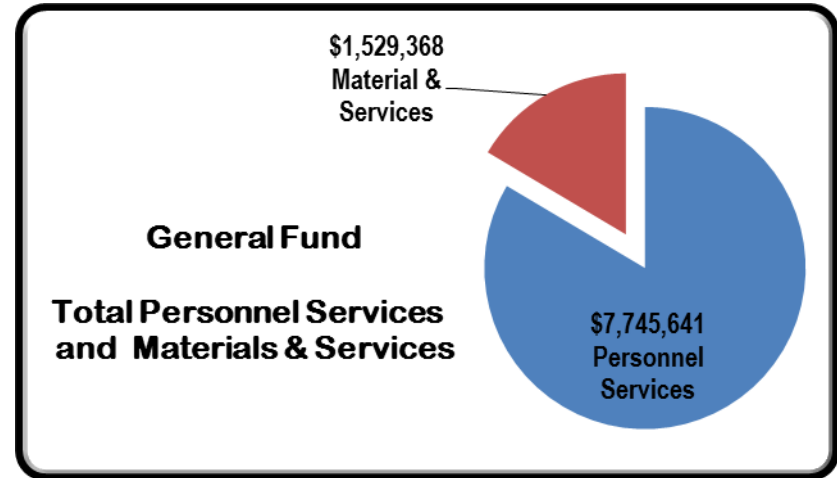

Actual Property Tax Revenue Compared to General Fund Expenditures and Ending Fund Balance

Total Actual General Fund Revenues Compared to Expenditures and Ending Fund Balance

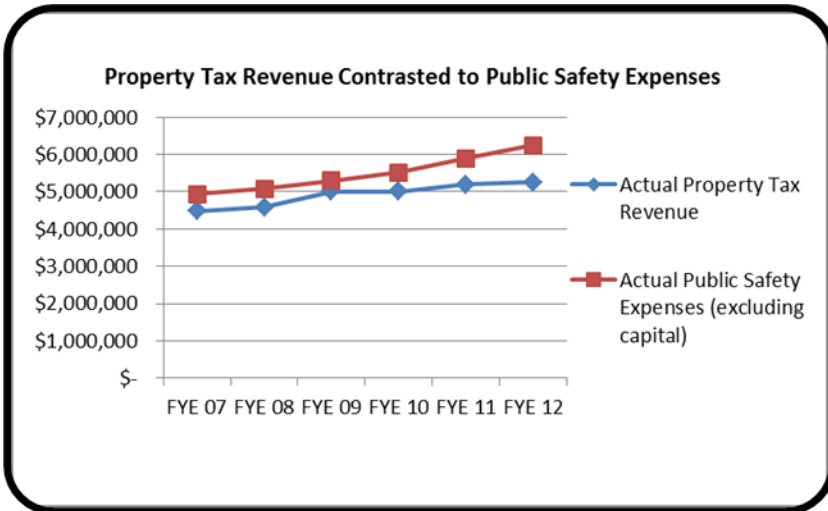

General Fund Expenditures: General Fund expenditures are separated into two broad categories: Personnel Services and Material & Services.

Gas Tax Fund – Streets: Maintaining the City’s street infrastructure is an ongoing concern. It is currently estimated that in order to bring the city streets up to a “good” condition it would cost at least \$25,000,000.

It’s not uncommon to receive requests to pave a gravel street, repave any deteriorating streets, and/or patch a pothole in front of a tax payer’s property. It is a commonly held belief that property taxes are used to develop and maintain the City transportation infrastructure. The reality is property tax revenues are not used for street development and/or repair. Property tax

revenue has been and is used to provide public safety services and, in fact, the cost to provide those essential services exceeds the amount of property tax revenue received as is illustrated below:

Funding for the Streets Division comes from the State gas tax, jurisdictional exchange program, Oregon Department of Transportation, and from funds received from system development charges. Interest, although minimal, continues to accrue on the \$4.8 million held in reserve by the City as part of the “Jurisdictional Exchange” program. Urban Renewal funding is also available for certain street infrastructure projects. The City anticipates receiving \$870,000 in revenue from the tax placed on gasoline.

General Fund - Urban Renewal Administration

Department: This fund is used to pay the expenses, both Personnel and Materials and Services, associated with the administration of the City’s two Urban Renewal Districts and implementation of urban renewal projects. An intergovernmental agreement between the City and the URA was implemented in 1992 for the purpose of transferring funds to the City to pay administrative costs.

Hotel/Motel Fund: These funds are used to pay for tourism and cultural facilities support as well as parks maintenance. The transient tax revenue for FYE 2014 is projected to be slightly higher, \$479,980, than the revenue projections for FYE 2013. The budgeted disbursement to the Visitors and Convention Bureau is based on the annual projection of which 2/7th (29%) or \$137,137 of this year’s revenue funds. As the total expenditures for these activities exceed revenue projects, the budget reflects a transfer of \$171,474 from the General Fund to the Hotel /Motel Fund in order to balance the fund.

Wastewater Fund: The Wastewater Fund is able to cover basic operations: However, in order to meet the demands for improvements, the proposed budget includes a 6.5% rate increase. The rate reflects a policy decision to manage debt as a way to stabilize rates based on the recommendation of the commissioned

Sewer Rate – Cost of Service Study. The City's wastewater Capital Improvement Plan (CIP) estimates state mandated improvements over the next 20 years at a cost of \$80 million (today's dollars). The proposed budget includes \$6,554,537 loan revenue to undertake identified projects in the wastewater CIP.

System Development Charges Fund: The City has several funds established to receive and expend System Development Charges for wastewater, stormwater and transportation systems. These funds may only be used for constructing new infrastructure and increasing capacity, not for maintenance and repairs. This budget reflects a continuation of the moratorium on System Development Charges. Funds may be spent this fiscal, but no new revenues are expected.

Building Codes Fund: Building activity, to date, is not meeting projections for FYE 2013, primarily due to the sluggish economy. Overall building activity will likely remain slow this year as no large projects are currently expected. This budget reflects a conservative outlook with regard to building activity.

Jurisdictional Exchange Fund: In 1999, the City accepted ownership of 23 miles of formerly owned state roadways within the City limits. In exchange, the City ultimately received \$4,800,000 to maintain those roads in

perpetuity. Per the City Charter, only the interest from the \$4,800,000 can be used for road maintenance and/or debt service for road maintenance projects. In 2003, the City obtained a loan for the Newmark Ave. widening project. Up until last year, the Jurisdictional Exchange Fund has been paying the debt service payments from interest revenue. Due to low interest rates currently available, this budget includes a loan of \$58,506 from the General fund to make this year's final payment.

Major Capital Fund: This fund is used to purchase capital items such as police cars or to pay for capital projects. Revenue from biannual timber harvests are the primary revenue source for this fund. Traditionally, we harvest 40 to 50 acres every other year. This budget reflects a double harvest of 80 to 100 acres at a conservative estimate of \$700,000. A portion of the funds will be set aside to help fund an upcoming foundation mitigation project at the Library.

Fire Station Reserve Fund: The proposed budget includes the balance of funds from the general obligation loan to purchase a fire truck in the future, which was allowed pursuant to the bond measure and is classified as a fire apparatus.

Rainy Day Reserve Fund: This fund was created during the FY 2008-09 budget year. I am recommending that

the Budget Committee continue funding this program. The committee recommended last year the transferring of \$88,843 (2.5% of the General Fund beginning balance) into this fund. Currently the fund has approximately \$394,425. I recommend that the committee support my decision to transfer an additional \$88,843 this year.

Urban Renewal: The proposed budget includes du jour financing (short term loan) to the Urban Renewal Agency for \$406,626.

In May 1998, the City Council selected “Option 1” as the method to be used in collecting urban renewal property taxes [ORS 457.435(2) (a)]. Accordingly, each year the Budget Committee and City Council must decide during their annual budget meetings whether an “Option 1 Special Levy” should be certified for collection.

The Coos Bay Urban Renewal Agency Budget reflects the imposition of 0% of the Special Levy. If selected, this option may be used to further Urban Renewal priorities such as streets infrastructure, upper floor redevelopment, waterfront development, redevelopment of the former Lockhart, and old fire station lots, streetscape, updates and development of the Hollering Place project.

Recommendation: The recommended budget as presented maintains current City services and represents

an effective use of the City’s resources. Staff looks forward to working with the Budget Committee to review the plan and to discuss alternative approaches to delivering key community services while maintaining the financial stability and continue to build to a brighter future for the City of Coos Bay.

Respectfully submitted,

Rodger E. Craddock

City Manager and Budget Officer April 8, 2013

CITY COUNCIL

Program Description

The City Council is responsible for enacting city laws and formulating policy as required by the city charter. The Mayor and six-member City Council form the governing body of the city.

The Mayor presides over the City Council and is elected for a two-year term; each city councilor is elected for alternating four-year terms. The Mayor and City Councilors also serve as Council representatives on city boards and commissions as well as other organizations in the community.

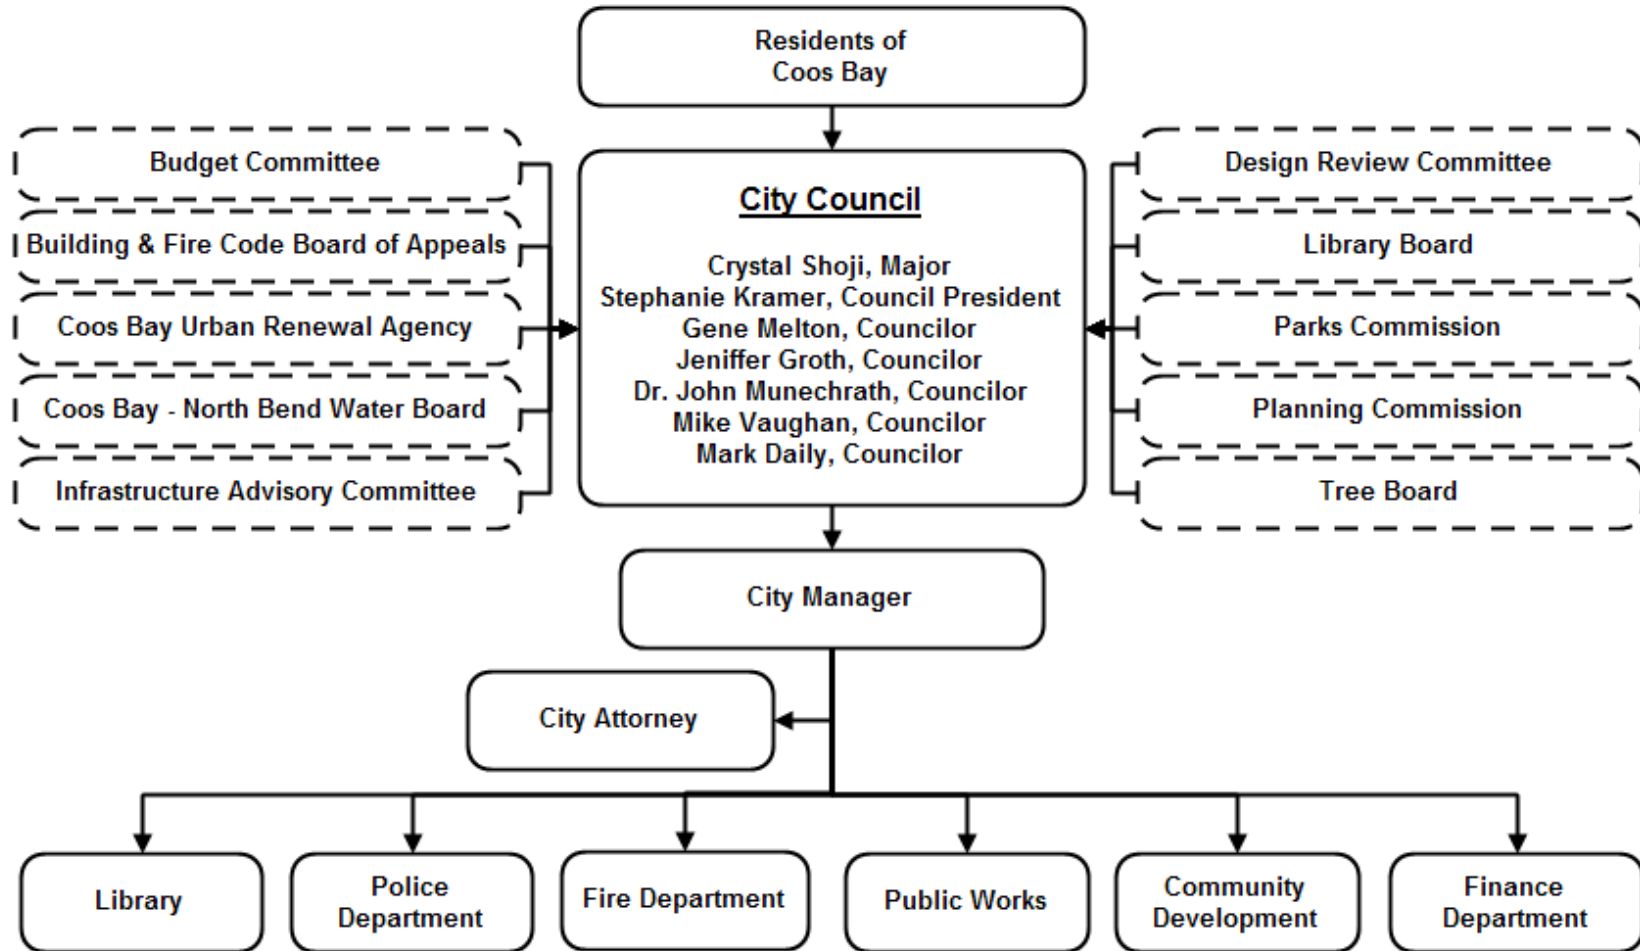

2013 - Goals

It is the goal of the City Council to provide quality services and to create an environment that will expand economic opportunity in all forms through investment in and expansion of local businesses. This will enhance the quality of life for all local citizens and the quality of the experience of all visitors who explore the cultural and scenic resources of the Bay Area.

In addition to the broad goals of providing quality services, making sound decisions, and supporting economic and cultural development, the City Council has adopted the following goals:

- **Infrastructure and Services:** To maintain and improve the City's physical infrastructure and provide quality services for current and future citizens.
- **Economic Development & City Revitalization:** To create a vibrant community for City citizens and entrepreneurs.
- **Finance:** To adopt and maintain a sustainable budget that reflects City priorities and realizes current economic conditions.
- **City Policies & Procedures:** To review and evaluate the City Charter, ordinances, and policies to provide for the current and future needs of the citizens.
- **Citizen Education & Involvement:** Educate, cultivate, and encourage public participation in City government, urban renewal, and disaster preparedness.

CITY MANAGER'S OFFICE

Department Description

The City Manager's Office provides oversight and direction to ensure that all departments are responding to City Council goals, applying policy consistently, and identifying key issues that need Council direction. The department is also responsible for personnel administration, managing the annual budget, oversee the City's collective bargaining agreements, franchises, personnel policies, and provides staff support for the City Council.

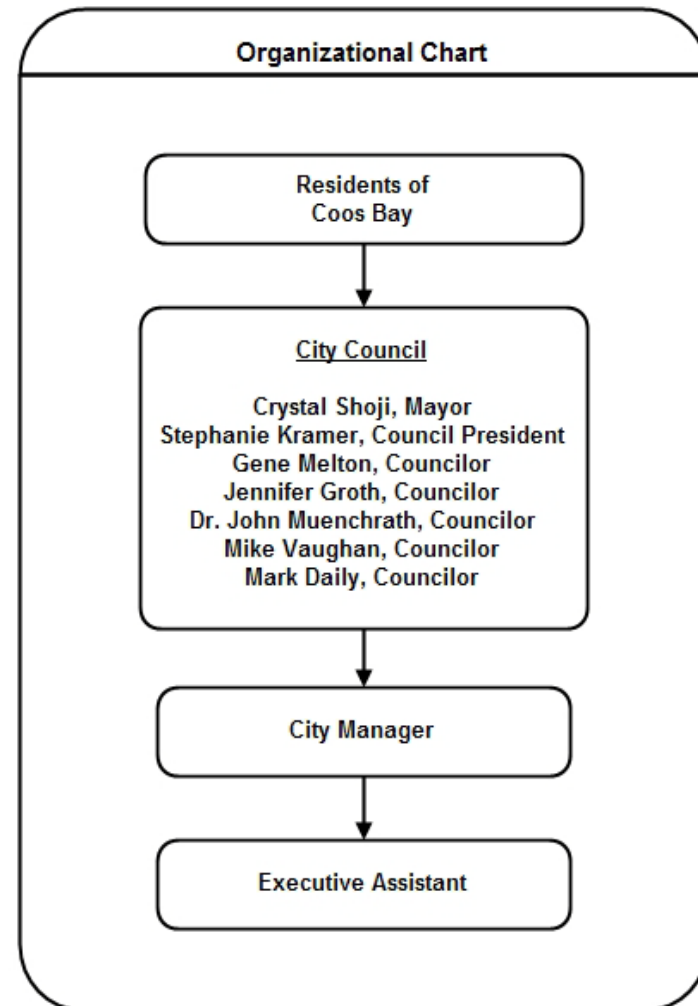

2013-14 Goals

- Work with the City Council and City staff to implement Council goals.
- Continue to improve dissemination of information to staff and citizens on the City's mission and services.
- Continue reevaluating local revenue sources and provide options to the council.
- Explore alternative service delivery options in an effort to achieve increased efficiencies.

Budgeted Departmental Personnel Expenses

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget.

URBAN RENEWAL ADMINISTRATION DEPARTMENT

Program Description

The City of Coos Bay has two separate urban renewal districts. The Downtown Plan was adopted in 1988 and includes the downtown core area and the industrial/commercial/recreational areas located along the bay. The Empire Plan was adopted in 1995 and includes the business district located on Newmark Avenue and the waterfront area along the bay. The purpose of the urban renewal plans is to enhance the livability, health, and welfare of the community which in turn strengthens the economy and future of the city.

Oregon Revised Statutes (ORS) Chapter 457 establishes and governs urban renewal districts. Administrative costs associated with implementation of urban renewal projects are an allowable expenditure of urban renewal funds. An intergovernmental agreement between the City and the Urban Renewal Agency was implemented in 1992 for the purpose of transferring funds to the City to pay administrative costs.

Administrative Services Provided

- ◆ Professional contracts such as engineering, design, audit, and consulting services
- ◆ Promotion of business retention and recruitment plan
- ◆ Management of the façade improvement and business grant programs
- ◆ Management of improvement projects
- ◆ Provide staff to work for the Urban Renewal Agency

2013/2014 Goals

- Promote and assist in the revitalization of the Downtown and Empire Urban Renewal Districts in an effort to provide developmental opportunities for businesses and industry.
- Coordinate with our economic development partners in an effort to attract, retain, and promote expansion of local business opportunities.
- Continue funding and promotion for the façade improvement and business grant programs.
- Review and prioritize improvement and development projects list.

Budgeted Departmental Personnel Expenses

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget.

FTE by allocation: 3.20 Employees.

FINANCE DEPARTMENT

Program Description

The Finance Department provides financial, recorder, risk management, and personnel support services for the entire City organization. These activities are guided by State and Federal statutes, generally accepted accounting principles, and local ordinances and policies.

Financial services include budgeting, general ledger accounting, cash receipting, payroll, accounts payable, improvement districts, fixed asset management, and property/liability insurance. Recorder services include Council and budget minutes, public hearing notices, elections, ballots, and liens. Personnel support services include payroll and leave benefits, health insurance, workers' compensation, compliance with labor contract provisions, and ongoing labor relations support.

Support is provided to all of the City departments for reporting aspects of revenues, expenditures, and grant management. The Finance Department works closely with the Public Works and Development Department to track capital projects, improvement districts, engineering and architectural contracts, management plans, development of Requests of Proposals and Qualifications, and various special projects.

City Goal: Finance

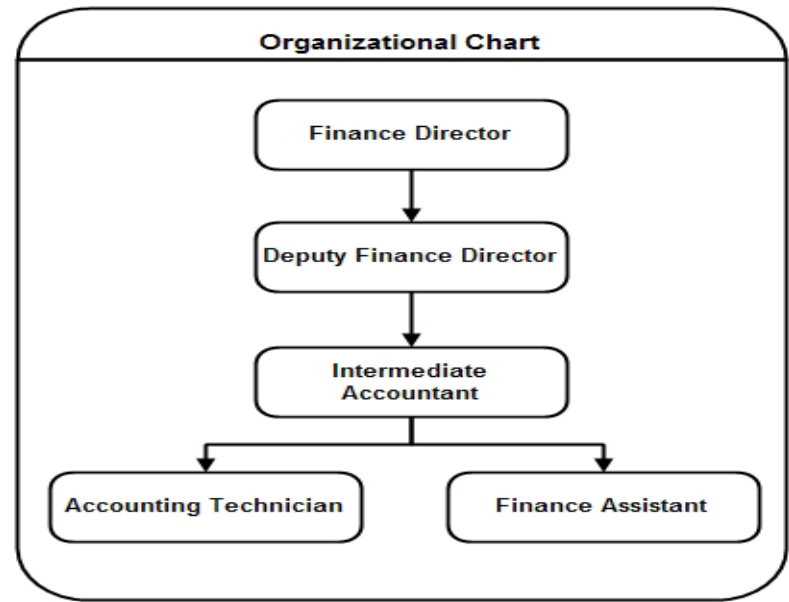

- Provide a sustainable level of core services, meet regulatory requirements, and contribute to a stated goal within budgetary constraints of predictable revenue.

- Maintain public trust and confidence by utilizing resources in the most efficient manner possible.

Budgeted Departmental Personnel Expenses

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget.

FTE by allocation: 2.15 employees.

CITY ATTORNEY

Program Description

The City Attorney is the legal advisor, attorney and counsel to the City Council and City Manager, city staff, boards and commissions in matters relating to their official duties, and represents the City in legal proceedings in which it may have an interest. The City Attorney attends the City Council meetings and as requested, attends advisory committee and commission meetings; provides specialized counsel in specific areas such as planning, zoning, and personnel; attends litigation and legal proceedings to which the city is a party; and provides legal counsel for labor negotiations with the City's three labor unions.

The City Attorney maintains office hours at city hall on Tuesday afternoons. The City attorney's hours are budgeted for 15 hours per week. The City Attorney has a key role in labor relations issues. The special counsel line exists to be used if needed to pay for extra hours worked on special, unforeseen matters requiring the attorney's services that fall outside the 15 hours per week work, or special counsel such as bond counsel.

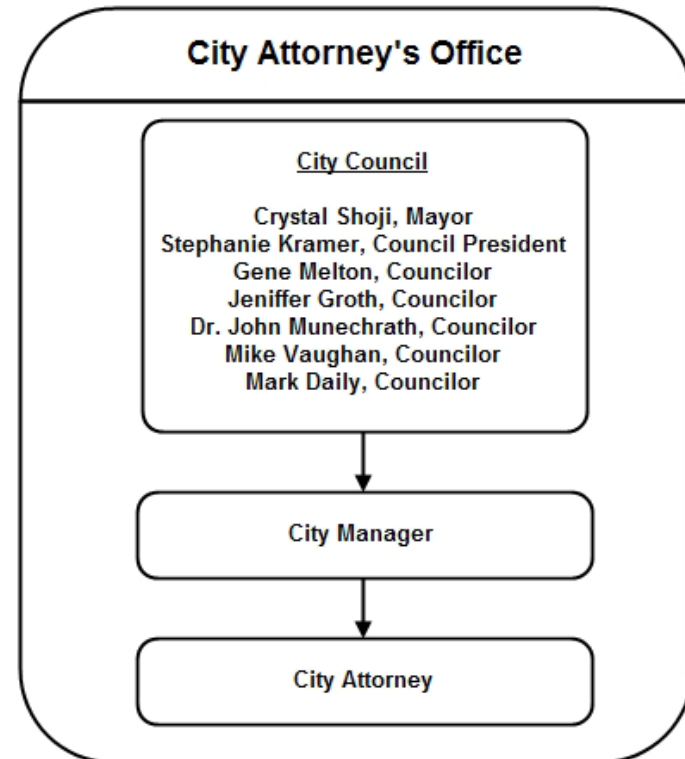

2013-14 Goals

- Continue to review and revise ordinances for compliance with changes in state law, i.e. wastewater and land development ordinances.
- Provide legal analysis and opinions to staff, City Council, and the Urban Renewal Agency on an ongoing basis.

Budgeted Departmental Personnel Expenses

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget.

FTE by allocation: .50 Employee

CITY HALL

Program Description

The City Hall budget includes expenses for the operations and maintenance of the city hall building and contractual custodian services. Materials and services cover utility costs such as electricity, water, cable services, and phone expenses.

All expenses for building maintenance and any physical modifications for better operations are included here as well as the custodial supplies and equipment. This also includes the cost of landscape maintenance; however, the expense for Parks division staff to patrol and police the grounds is within the Parks budget.

COMMUNITY CONTRIBUTIONS

Program Description

The Community Contributions Department sets aside expenditures approved by Council to support various community groups. Over the past ten years the amount provided to community groups has averaged 33% of the total State Revenue Sharing funds received from the State of Oregon.

The highest percentage allocated to the community groups was \$64,240 in FYE 11, 54% of the total revenue received. The lowest amount allocated was \$17,500 in FYE 05, 19% of the total revenue received.

As such, there is not a set amount required by resolution or any governing authority (other than the contractual obligation to the Boys and Girls Club for \$10,000) to be provided to community groups. The amount budgeted this fiscal year is 31% of the anticipated revenue.

NON DEPARTMENTAL

Program Description

The Non Departmental budget accounts for the expenditures to provide centralized services to all of the General Fund departments. The Personnel Services expenses are those of the mechanics providing vehicle maintenance service to the vehicles utilized by personnel funded through the General Fund.

The Materials and Services line items provide for the common expenses to the General Fund departments such as the internet, property/general/auto liability insurance, printing, duplicating, postage, bad debt expense, VISA merchant fees, banking fees, tax payments for special districts located within the city limits, appropriation authority for refunds, etc.

Separating the common expenses to all of the General Fund departments into an internal service fund provides the ability, over time, to observe cost trends to better manage and evaluate management activity. It also enhances the ability to distribute costs equitably among the various funds.

The Non Departmental department also helps staff achieve the following City Goals:

City Goal: Finance

- Provide a sustainable level of core services, meet regulatory requirements, and contribute to a stated goal within budgetary constraints of predictable revenue.
- Maintain public trust and confidence by utilizing resources in the most efficient manner possible.

Activities Aimed at Achieving Goal Priorities:

- Provide financial statements to keep the Council actively involved in monitoring fiscal health of the City.
- Maintain financial rating.
- Comply with general accepted accounting principles.

Budgeted Departmental Personnel Expenses

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget.

FTE by allocation: .99 employee

OTHER FINANCING USES AND OTHER EXPENDITURES DEPARTMENT

Program Description

The Other Financing Uses and Other Expenditures Department is the mechanism to transfer funds from or through the General Fund to other funds. The Gas Tax Fund and Hotel/Motel Fund have required a transfer of revenue to fund the services budgeted. The Rainy Day Fund transfer is pursuant to a resolution requiring 2.5% of the fund balance to be set aside for specific purposes. The Revenue Bond Fund transfer is the debt service payment from the General Fund to the Urban Renewal Agency for the City Hall Seismic loan for the \$600,000. The Major Capital Reserve Fund transfer is a transfer of a portion of the funds received from ORCA for the use of the City's infrastructure to provide fiber to the North Spit.

The Special Payments section provides a loan to the Jurisdictional Exchange Fund for debt service payments. The interest rate on the \$4.8 million fund balance does not provide sufficient revenue for the debt service payments. This will be the final payment.

The Debt Service section provides the accounting for the du jour financing (loan to the URA) to convert tax increment revenue into spendable construction funds. This loan is repaid within a few days.

The Contingency line item is set aside to fund Council approved, unknown expenditures of the current fiscal year. The intention is to carry as much of this amount over to the next fiscal year as possible. The Unappropriated Ending Fund

Balance cannot be appropriated during the current fiscal year pursuant to Oregon Revised Statutes and are funds set aside to fund the General Fund departments the first part of FYE 15 until the tax payments are received in November.

The activities of this department meet the generally accepted accounting principles of centralizing and accounting for risk financing activities through the General Fund.

This budget helps staff achieve the following City Goals:

City Goal: Finance

- Provide a sustainable level of core services, meet regulatory requirements, and contribute to a stated goal within budgetary constraints of predictable revenue.
- Maintain public trust and confidence by utilizing resources in the most efficient manner possible.

Activities Aimed at Achieving Goal Priorities:

- Provide financial statements to keep the Council actively involved in monitoring fiscal health of the City.
- Long range revenue and expenditure forecasting.
- Maintain solvency, liquidity, and leverage measures.
- Develop reserve and investment policy.
- Maintain financial rating.

POLICE DEPARTMENT

Department Mission Statement

The Mission of the Coos Bay Police Department is to efficiently provide quality law enforcement services to our community by promoting a safe environment through a police-citizen partnership with an emphasis on mutual trust, integrity, fairness and professionalism.

Police Public Safety Program Description

The department is comprised of the Administrative, Operations, Communications and Support Services. Within the budget, expenses relating to the Administrative, Operations and Support Services are combined under "Police Division 240." Public Safety Communications related expenses can be found in the "Police Communications Division 242" and "9-1-1 Tax Fund 10, Department 380" budget pages.

Police Administration provides leadership to Police Department personnel as it relates to the enforcement of Federal and State laws as well as City Municipal Codes.

Police Operations delivers direct law enforcement and investigative services to the community. Police officers handle over twenty thousand calls for law enforcement services each year. Nearly five thousand of those calls for service require investigation, documentation, (written reports), referral and/or follow up action each year. In addition to their patrol and investigations, officers serve as active members on a number of interagency teams: South Coast Interagency Narcotics Team; Traffic Crash Investigation Team; Major Crime and Incident Team; Family Violence Council; Emergency Response Team (SWAT); Senior's with Disabilities Multi-Disciplinary Team; and Child Advocacy Multi-Disciplinary Team.

The Department's Emergency Communications Center receive dispatch and/or

route all incoming calls for medical, fire, and police service within the cities of Coos Bay and Coquille and at the Coquille Tribal Housing service areas. Annually they process more than 33,000 calls for emergency services.

Support Services is responsible for most non-operational, record related, activities that allow the Coos Bay Police Department to provide law enforcement services to the community.

2013-2014 Goals

This budget was prepared in line with the following current goals of the City Council.

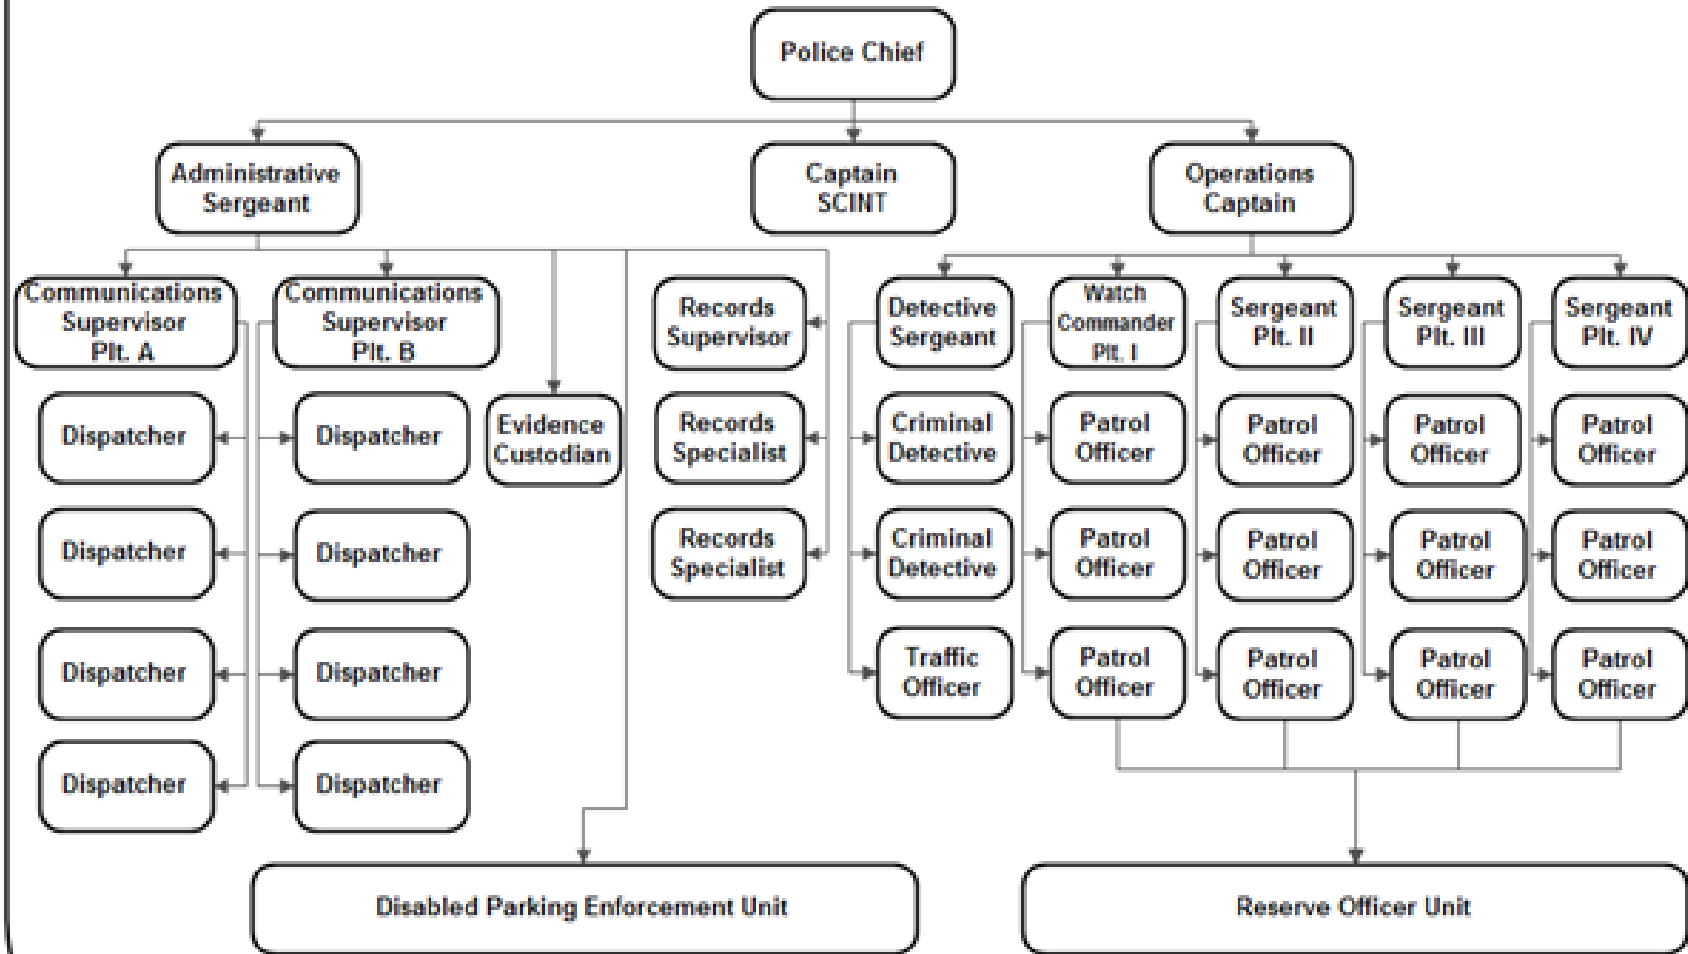

- Maintain Police Department staffing levels to adequately provide core services to the citizens.
- Ensure that Coos Bay Police Department personnel are provided with the most efficient equipment and quality training that is available.
- Continue on-going neighborhood/business based partnerships in an effort to create a safe and peaceable city in which to live, work, and visit.
- Continue to explore consolidation options to increase efficiency as well as cost savings measures with all stake holders.

Budgeted Departmental Personnel Expenses

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget.

FTE by allocation: 28.15 employees; Codes Enforcement .65 employee; Police Communications 8.00 employees; and 9-1-1 2.00 employees.

FIRE DEPARTMENT

Department Mission Statement

The mission of the Coos Bay Fire Department is to actively promote, deliver, and preserve a feeling of security, safety, and a quality level of service to the citizens of our community.

Program Description

Services provided by the Fire Department include fire/rescue, emergency medical, fire/safety prevention, and public fire education, training, and emergency readiness. The staffing of the department consists of the Fire Chief, three shift Battalion Chiefs, three Lieutenants, and nine Firefighter/Engineers all assisted by Volunteer and Cadet Firefighters.

The Chief and Battalion Chiefs provide support, direction, control, coordination, and evaluation of the department and personnel. Lieutenants and Firefighters/Engineers provide emergency services in the areas of hazardous materials, fire, emergency medical, and various rescue practices. All firefighters are trained to both Oregon OSHA and Department of Public Safety Standards & Training certification levels. Cadet Firefighters are students enrolled in the fire science or paramedic program at Southwestern Oregon Community College preparing for a fire service career.

The department performs a number of routine functions including testing and/or maintenance of apparatus, hydrants, hose, fire safety inspections, buildings and equipment; training in routine and emergency operations, and provision of safety equipment and materials. A number of community based education and enhancement programs are conducted by the

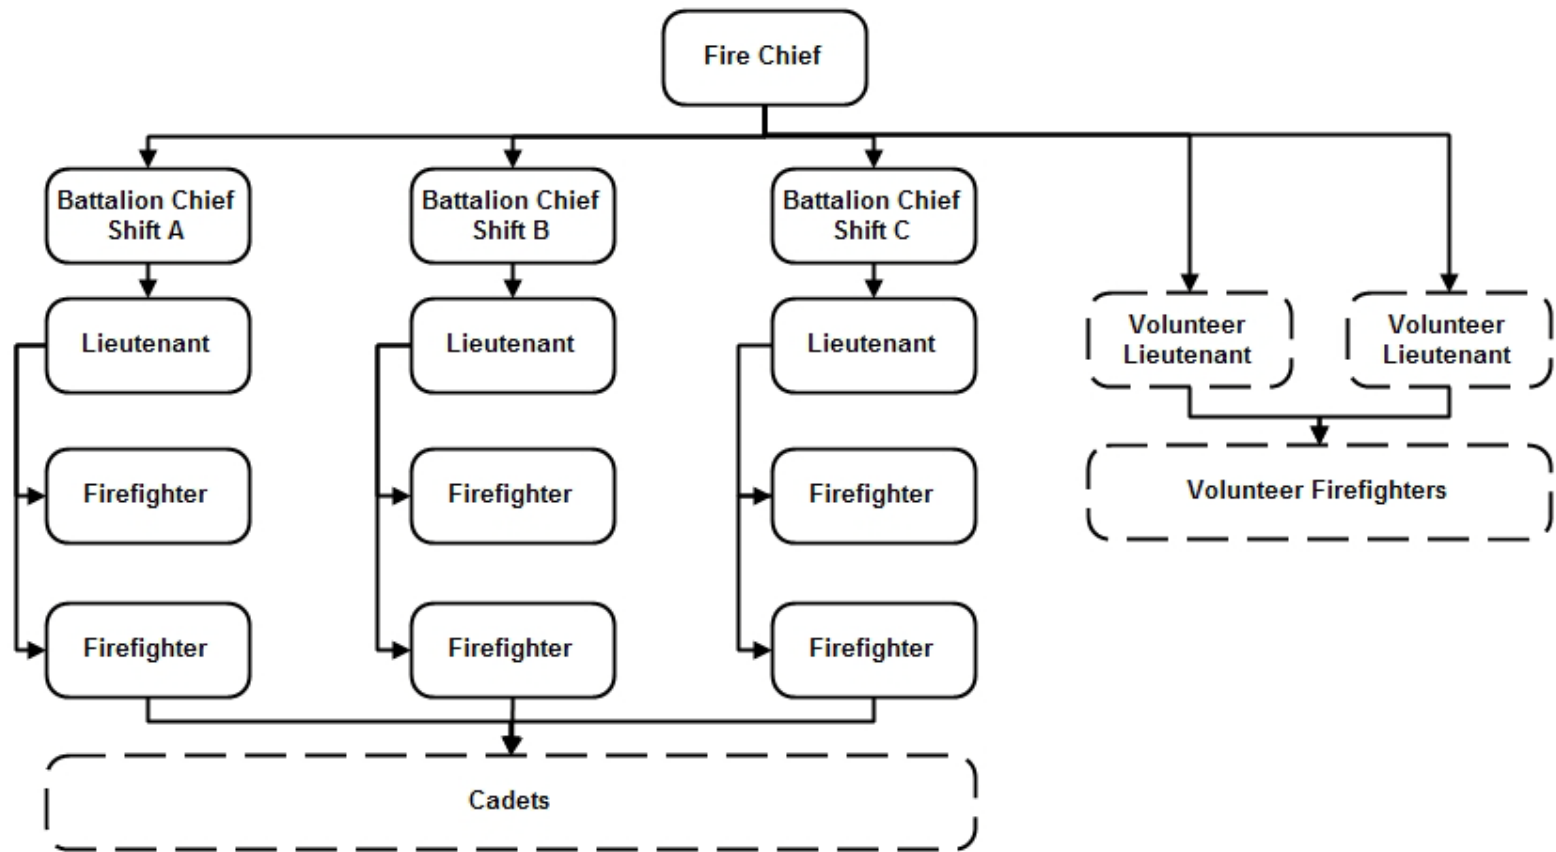

department including a community based fire prevention program, a juvenile fire setter program, a regional chaplain program, school based fire/safety programs, and is responsible for citywide safety program administration.

2013-2014 Goals

1. Maintain current staffing levels to adequately provide core services to the citizens.
2. Pursue additional grant funding for equipment and training.
3. Present public classes on the City's emergency response and preparedness plan.
4. Update and maintain the City's emergency response and preparedness plan.

FTE by allocation: 16.00 employees

COMMUNITY DEVELOPMENT DEPARTMENT – PLANNING

Program Description

The Community Development budget includes funding for planning and zoning related activities provided by the new Department including personnel costs. The Community Development Department provides professional planning assistance to the public, City Council, the Design Review Committee, the Planning Commission, and staff. The Department staff provides prompt and consistent responses to inquiries from citizens, elected officials, commission members, and developers.

Department staff reviews submitted plans and applications for compliance with the requirements of the Land Development Ordinance and state law. Staff reviews the Comprehensive Plan and implementing ordinances to insure they are prepared to meet growth management issues and reflect the City Council's policy direction. Department staff also recommends changes to streamline and simplify City review processes and provide services that are increasingly responsive to citizens.

This year's budget includes funding for consultant work for any work necessary to update the comprehensive plan.

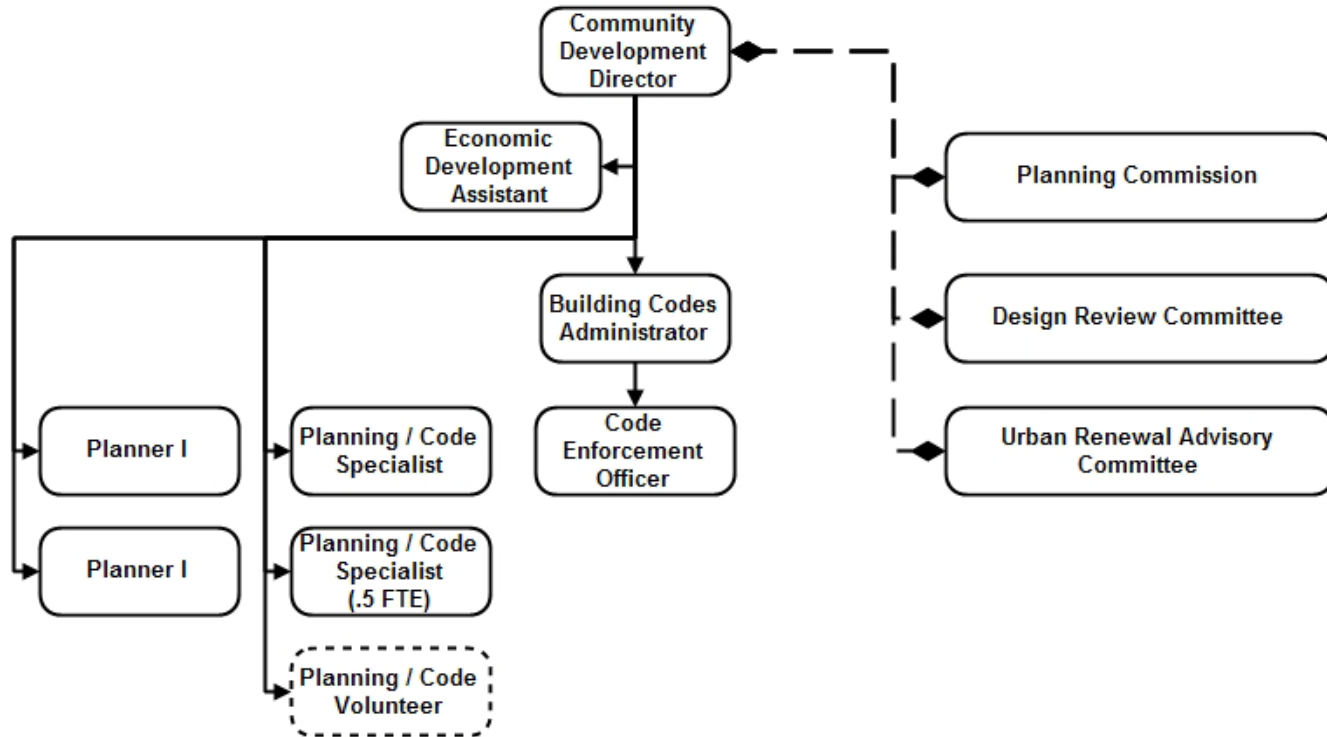

2013/2014 Goals

- Maintain and improve the City's physical infrastructure and provide quality services for current and future citizens.
- Educate, cultivate, and encourage public participation in city government.
- Make as needed revisions to the Comprehensive Plan and the Land Development Ordinance.
- Implement Empire design standards
- Develop Downtown design standards.
- Adopt Wind Energy Conversion System Ordinance
- Provide training for Planning Commission members

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget.

FTE by allocation: 2.43 Employees

PUBLIC WORKS AND DEVELOPMENT DEPARTMENT – ENGINEERING

Program Description

The Engineering Division budget includes personnel expenses for a portion of the Engineering staff. Contractual expenses are to cost share transferring permit tracking data from old software program that is no longer maintained by the developer.

Engineering services provided include surveying and limited design of city-owned infrastructure improvement projects; estimating project improvement costs; infrastructure improvement contract administration; maintaining records concerning improvement projects, underground utilities, right-of-way use, survey information, city statistics, all city maps, etc.; performing sewer lateral locations for city projects or to respond to the locate system prior to construction projects; research and write legal descriptions for city easements and property actions; and review building plans for drainage, access, availability of utilities, assessments and easements; inspection of construction on public right-of-way.

This division assists all city departments in the areas of engineering, surveying, drafting, and map creation. Significant assistance is given to the general public in understanding the relationship between city services, right-of-way and private property interactions.

This division also fields citizen concerns regarding right-of-ways. These issues are prioritized with high priority placed on fire, life, and safety issues. Response times for other concerns are processed as time is available. In an effort to streamline this process as much as possible, the

Administration staff performs the intake of the concerns that can be resolved by the city and matches the person calling with the correct agency to address their concern.

2013/2014 Goals

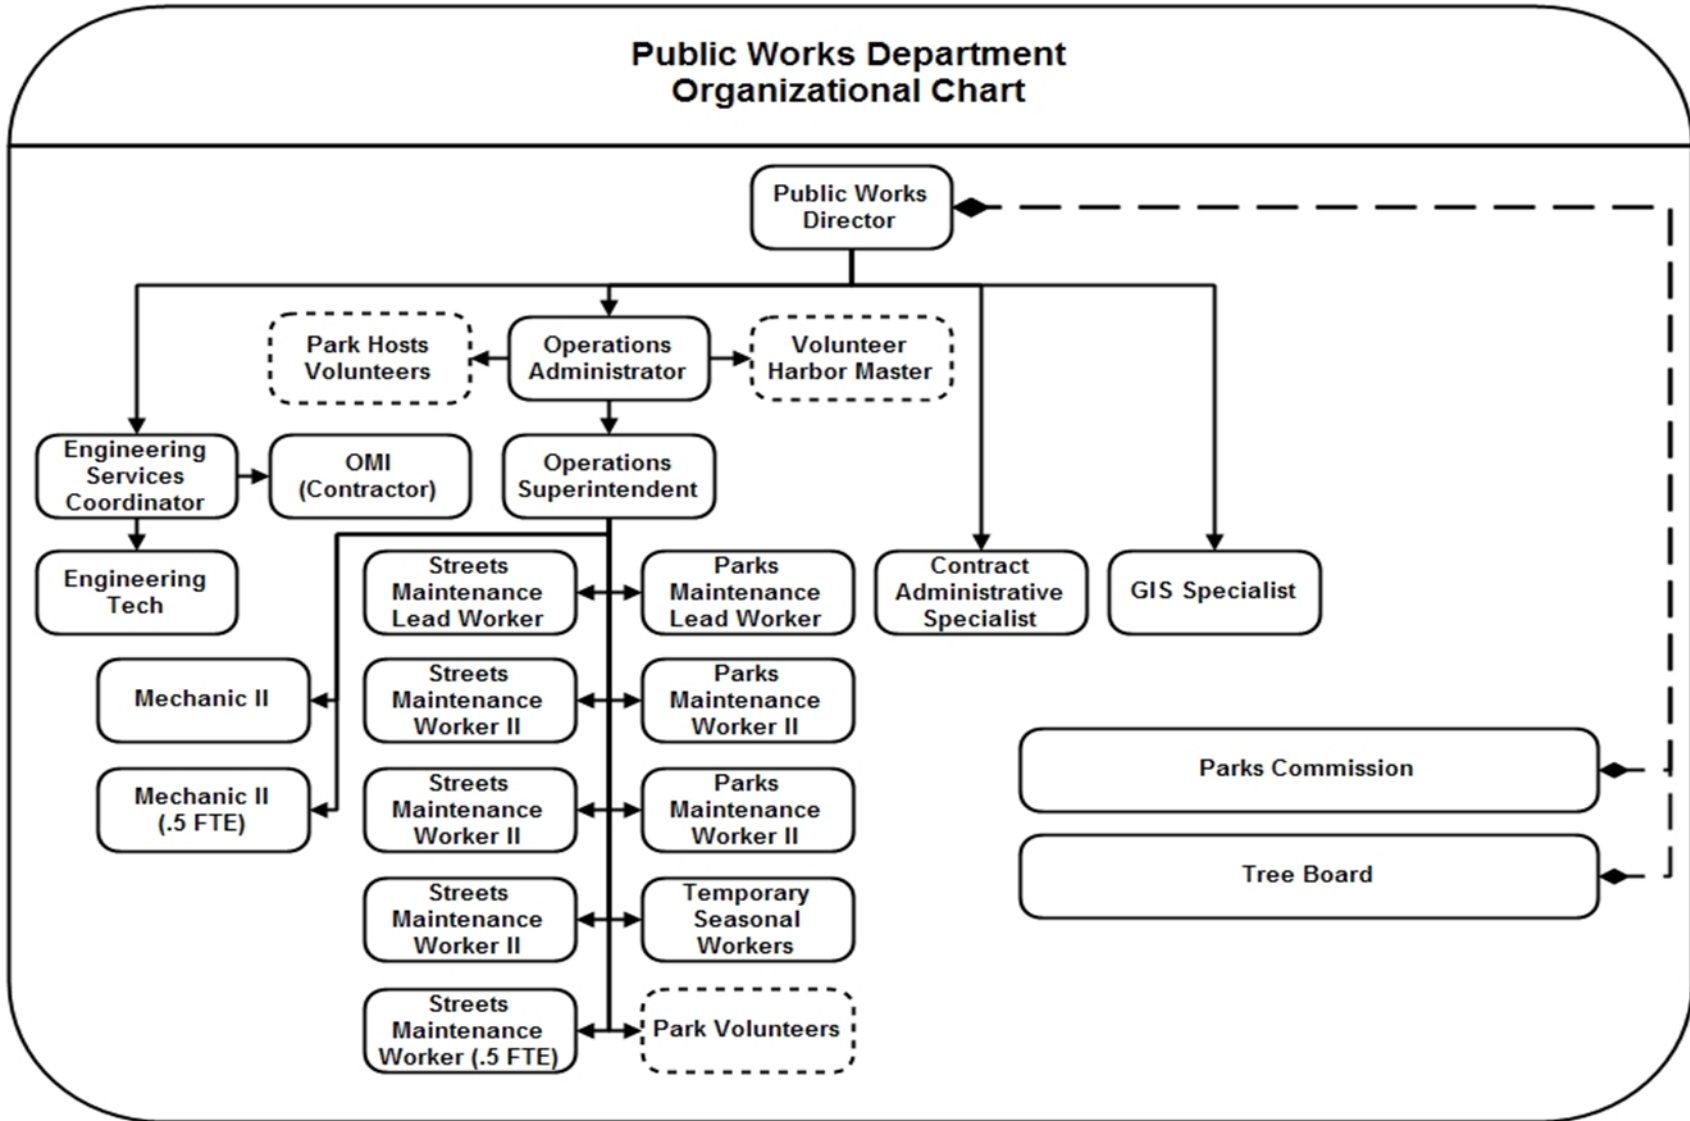

Maintain and improve the City's physical infrastructure and provide quality services for current and future citizens

- Ensure successful design and construction of planned road, sanitary and storm water improvements.
- Address emergency sanitary sewer and storm water infrastructure repairs as they occur.
- Continue to update the geographic information system.
- Provide timely assistance to citizens for problem resolution.
- Oversee successful design and construction of various URA projects.

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget.

FTE by allocation: .99 employees

PUBLIC WORKS AND DEVELOPMENT DEPARTMENT – PARKS

Program Description

The budget for the Parks Division includes funding for division personnel, park operations, park maintenance and utilities as well as maintenance for operations of the Mingus Pool. Division personnel maintain the park system, including all park grounds, buildings, structures, equipment, adjacent parking areas, pedestrian and bicycle walks/paths, landscaped and native areas. Staff coordinates with the park hosts and harbor master. Staff maintains structures including street furniture, planters, lighting, electrical systems, and irrigation in the parks.

City parks include Mingus Park, John Topits Park, Ed Lund Park, Eastside Park, Windy Hill Park, Taylor & Wasson Street Park, 10th Street Park, Empire and Eastside Boat Ramps, Coos Bay Boardwalk, HWY 101 merge (North) island, and Newmark, Broadway, and Bayshore Streetscapes. The Parks Division also responds to maintenance and landscaping needs at City Hall, Ed Lund Building, Scout Cabin, Mingus Park Pool and pool house, tennis courts, skateboard park and Mingus Park ball field.

The Parks Division maintains the mechanical systems of the Mingus Park pool including daily maintenance on the boiler and filtration system and chemical disbursement for maintaining safe water quality for swimming. Staff supervises volunteers, inmates, and temporary work crews that are utilized to perform labor-intensive tasks in the park system.

The Parks Division also provides support to various festival activities including the Memorial Day parade, 4th of July celebration, Blackberry Arts Festival, Bay Area Fun Festival, and Clamboree. This includes litter patrol, setting up and taking down barricades, and responding to any other special requests.

The Litter Patrol and Beautification line item includes funding for summer temporary workers that focus primarily on the downtown areas. The Building and Ground Maintenance line item includes funds for heating the Scout Cabin. The Pool Operations – Mingus Pool line item includes funds for heating the pool and for mechanical maintenance.

2013/2014 Goals

Maintain and improve the City's physical infrastructure and provide quality services for current and future citizens

- Implement Parks Master Plan as funding allows.
- Continue to implement formalized park inspection and safety evaluation program.

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget.

PUBLIC WORKS AND DEVELOPMENT DEPARTMENT – STREETS & MAINTENANCE

Program Description

The Streets Division primarily maintains the street and right of way system. Asphalt street surfaces are patched and gravel streets are graded with additional gravel as funding allows. Drainage ditches are maintained through a combination of dig outs, brush cutting, and weed killing. Street sweeping is done on asphalt streets and public parking lots.

Staff supervises inmate work crews involved in brush clearing or garbage pick-up along city streets. Staff maintains the street signs working with engineering staff to insure city maps reflect current signage. Staff also lay all thermoplastic crosswalks and parking lines, paint some street legends, and coordinate services for major street painting. Brush cutting along City streets to maintain visibility is a major task in the spring growing season, and a lesser task during the summer and fall months.

Staff has participated in construction projects in other departments including assisting CH2M Hill staff by blocking and flagging streets for sewer repairs. As a public service and as staffing has allowed, staff has used city equipment to dig out sidewalks prior to replacement work paid for by adjacent property owners.

The Division maintains 130 lane miles of asphalt road, 14 lane miles of concrete road, 23 lane miles of gravel road (including alleys), and 11 public parking lots. The Division is also responsible for maintaining vehicles and heavy equipment for all departments of the City. There are approximately 80 vehicles and pieces of heavy equipment.

Staff also assists maintaining and repairing tools for all departments and fabricating needed fixtures as time and skills allow.

Streets and vehicle maintenance personnel provide support for several special events in the City such as the Memorial Day parade, Blackberry Arts Festival, Bay Area Fun Festival, and Clamboree. Overtime for these events are reflected in the Hotel/Motel Fund.

This year's budget includes a recommendation to supplement the Gas Tax fund with General Fund to maintain the existing level of service delivered by the Streets and Maintenance Division. Should the State's projection for the City's share of gas tax revenues materialize, the general fund supplement may be substantially less.

2013/2014 Goals

Maintain and improve the City's physical infrastructure and provide quality services for current and future citizens

- Maintain the street infrastructure as funding allows.
- Implement repair plan for city maintained sidewalks.
- Repairs to failing streets as funding permits.

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget.
FTE by allocation: 5.43 employees

PUBLIC WORKS AND DEVELOPMENT DEPARTMENT – WASTEWATER

Program Description

Wastewater funds are used for the operation and maintenance of the City's sewer and storm water system. Operation of the City's sewer and storm water system is a public-private partnership between the City of Coos Bay and CH2M Hill. CH2M Hill provides services to collect, treat, and discharge the City's wastewater as permitted through DEQ and EPA. CH2M Hill also cleans and repairs lines, catch basins (minor repairs within their contractual limit), inspects lines manually and using video equipment, performs limited dike maintenance and flood control emergency work.

The City continues to have responsibility for major repairs and replacement of the system due to age, condition, changing technology, DEQ mandates, and EPA mandates. Infrastructure includes 26 pump stations, 74.3 miles of pipe, 2 wastewater treatment plants, and sludge disposal system. City staff maintains the Capital Improvements Plan that includes maintenance and rehabilitation projects. Each year city staff considers funding when determining priorities in the plan.

Portions of personnel expenses for staff involved in administration of the system are funded with wastewater revenues. These expenses are reflected in this budget.

This budget includes a transfer to the Wastewater Improvement Fund to serve as a working capital fund. Industry standards and good fiscal management, recommend 45 days of O&M

expenses in the line item Reserve for Future Expenditures.

These funds will be used as match for grants as well as for debt service for loans used in the design and construction of the DEQ mandated projects. These include the construction of Pump Station No. 4, final design for improvements to Plant #2, and other projects. Funds are also set aside toward the purchase of a replacement street sweeper.

This budget also includes a 6.5% rate increase to raise revenue for debt service of wastewater treatment and collections upgrades.

2013/2014 Goals

Maintain and improve the City's physical infrastructure and provide quality services for current and future citizens

Educate, cultivate, and encourage public participation in City Government

- Continue on-going preventative maintenance program
- Meet DEQ permit requirements
- Educate customers regarding upcoming major repairs and upgrades to the system
- Educate Infrastructure Finance Advisory Committee

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget.
FTE by allocation: 7.76 employees

HOTEL/MOTEL TAX FUND

Background

The City of Coos Bay established the transient room tax with the enactment of Ordinance No. 2663 in 1976 (Chapter 3.55 in our municipal code). The tax is imposed on lodging businesses intended for occupancy of 30 days or less such as hotels/motels, bed and breakfast, RV parks, and vacation rentals. The current tax imposed is 7% and is paid to the city in quarterly payments. 2/7 of the gross receipts are used to help fund the Visitor and Convention Bureau.

Program Description

The Hotel/Motel Tax Fund is used to fund a variety of elements for the following tourist and cultural organizations:

- Marshfield Sun Printing Museum
- Visitor Information Center
- Community Events and Promotion
- Coos Art Museum
- Visitor and Convention Bureau
- Historic Rail Museum
- Boat Building Center
- Egyptian Theatre

These organizations are funded in part or wholly for maintenance of the facilities, operational expenses (utilities and capital improvements), and/or management agreements.

The Hotel/Motel Tax Fund is used for promotion of community events such as the 4th of July in Mingus Park, fireworks display, and purchase and replacement of Christmas decorations. Purchase of flowers for the Downtown hanging baskets and Empire streetscape are also a part of this fund. The Coos Bay North Bend Visitor and Convention Bureau receives funding thru this fund from the City of Coos Bay, City of North Bend, and the Coquille Indian Tribe.

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget.

FTE Allocation: 2.94 employees

LIBRARY

Mission Statement

The Coos Bay Public Library exists to provide library materials and services, and guidance to those materials and services, from which Coos County residents may choose in meeting their informational, educational, cultural, and recreational needs.

The library upholds the principles of intellectual freedom and the public's right to know by providing all members of the community with free, open, and equal access to ideas and information.

The library will provide its services by whatever means required to meet the diverse needs of all its constituents without regard to age, gender, religion, background, economic status, ability, interests, lifestyle, occupation, cultural heritage, or social values.

The library is dedicated to earning the public trust through continual responsiveness to citizen expectations by treating each patron with courtesy and respect, by acting with responsibility and integrity in all aspects of library operation, and by exhibiting a true commitment to the concept of public service at all times.

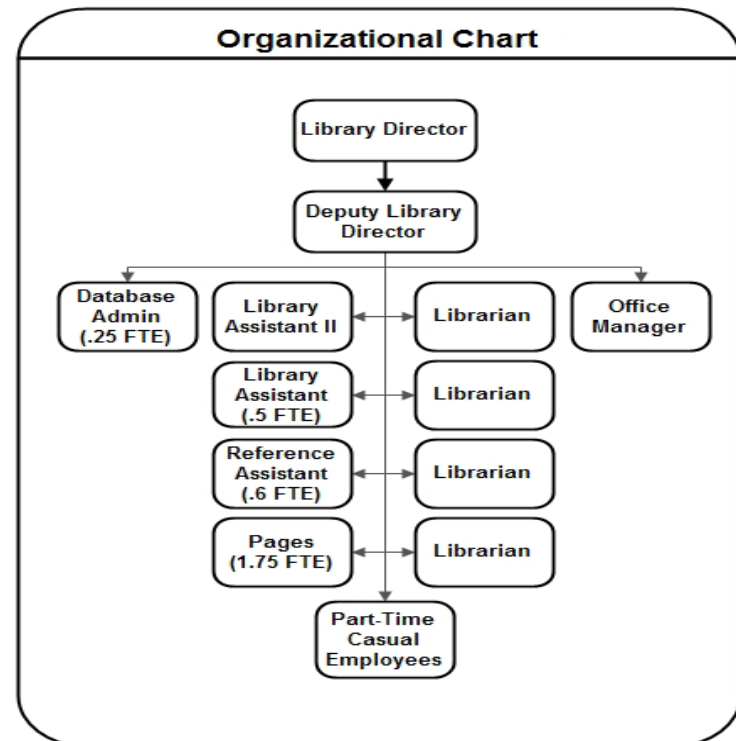

Program Description

As a member of the Coos County Library Service District, the Coos Bay Public Library provides many services for the citizens of Coos Bay and the surrounding area with a state-designated service area of approximately 24,000 people. It serves as a popular materials library, research and information center, educational center, literacy facilitator, technology center, and provides a community forum.

2013/2014 Goals

- Plan for future library building infrastructure.
- Strengthen partnerships with community groups.
- Address growing operations revenue-to-expenditure gap.
- Promote all aspects of library services to the community.
- Maintain diverse programming for the public.

FTE by allocation: 13.99 employees

PUBLIC WORKS AND DEVELOPMENT DEPARTMENT – BUILDING CODES

Program Description

The Building Codes Division budget includes expenses for the administration of the building, mechanical inspection, and plan review programs within the City of Coos Bay. By vote of the taxpayers, this budget is mandated to operate as an enterprise fund with the revenue from the permits fully supporting the related expenses.

Portions of the personnel costs for the City Attorney, City Manager, Code/Planning Specialists, Codes Enforcement, Codes Administrator, Public Works and Development Director, Finance staff, and Mechanic II are paid for by this program for complete cost accounting.

The Codes Administrator serves as the City's Building Official and inspects and evaluates built-on-site and manufactured residential and commercial structures while they are being constructed, remodeled, or repaired. Inspections are done in areas of structural, mechanical, and fire/life safety thereby insuring compliance with the City's building codes. Construction plans are reviewed for code compliance, and permits are issued.

The Division is responsible for implementing the City's dangerous and substandard building codes. Implementing the dangerous and substandard building code can cover issues such as tenants who wish to complain about their water heaters and gutters, significant analysis involved in dilapidated buildings or buildings that have suffered significant damage due to fire or earthquake.

Staff evaluates the current valuation tables used to base permit fees. This review is part of an ongoing monitoring process to ensure that Building Codes program operates as an enterprise fund and keeps pace with the changing economy of the construction trade. Recommendations will be forwarded to Council for any adjustments.

Contractual services in this year's budget include the cost of as needed for substandard and dangerous buildings abatement Hearing Officer; outside plan review services, and to continue to digitally archive old plans.

2013/2014 Goals

Maintain and improve the City's physical infrastructure and provide quality services for current and future citizens

- Continue formal and informal meetings with customers and professional groups to identify areas to improve delivery of service to customers.
- Building Code Administrator will complete required continuing education.
- Continue to take advantage of customer service improvements offered by the e-permitting software.

The distribution of personnel salaries charged to more than one department can be found on page 112 in this budget. FTE by allocation: 2.84 employees

CAPITAL IMPROVEMENT FUNDS

STREET IMPROVEMENT FUND

This budget provides for improvements to the street infrastructure of the City. Historically funds are carried over from year to year to accumulate enough funding to complete asphalt overlay projects over several areas as economically as possible. This fund has typically served to receive Fund Exchange dollars. These are Oregon Department of Transportation pass-through dollars from the Federal Government and are used for overlay projects in the City. This year the City will reserve the funds for improvements to portions of failed streets.

2013/2014 Goals

Maintain and improve the City's physical infrastructure and provide quality services for current and future citizens

- Make repairs to failed street sections as funding allows

PARKS IMPROVEMENT FUND

This budget provides for major upgrades and a venue for expenditure of donations specifically for the park system. The funds for park improvements come from a variety of sources: donations, grants, general fund, and bonds. This fund is used to accumulate donations for ongoing improvements in Choshi Gardens. This year accumulated funds are slated for improvements to the Mingus Park pool tank.

2013/2014 Goals

Maintain and improve the City's physical infrastructure and provide quality services for current and future citizens

- Make repairs to Mingus Pool infrastructure
- Implement portions of the Parks Master Plan as funding permits

BIKE/PEDESTRIAN PATH FUND

This budget provides for improvements to the bike and pedestrian areas of the City. As required by law, one percent of the funds received from the State gas tax revenue are set-aside in this fund each year specifically for bike and pedestrian improvements in a designated right of way. The fund money was used in the past to partially fund replacement of Choshi Bridge. The money in the fund need not be used in a specific year and can be carried over from year to year to build enough money to do a project. The money can also be used as a match to grants from the Oregon Department of Transportation to construct a large-scale project.

2013/2014 Goals

Maintain and improve the City's physical infrastructure and provide quality services for current and future citizens

- No projects are planned this year. The funds this year will be allowed to accumulate for projects in future years.

SPECIAL IMPROVEMENT FUND

The budget provides for improvements to the sewer, storm water, or street infrastructure of the City through development of Local Improvement Districts. This fund has most recently been utilized for street asphalt overlays. These funds are used as loan funds to allow citizens to complete infrastructure projects that may not ever be prioritized by the City. The loans are made using City funds.

2013/2014 Goals

Maintain and improve the City's physical infrastructure and provide quality services for current and future citizens

- No projects are expected for this coming fiscal year.

Budget Glossary

Accrual Basis: A method of accounting recognizing transactions when they occur without regard toward cash flow timing.

Ad Valorem Tax: A property tax computed as a percentage of the value of taxable property. See "Assessed Value."

Annexation: The incorporation of land into an existing city with a resulting change in the boundaries of that city.

Appropriation: A legal authorization made by the City Council to incur obligations and make expenditures for specific purposes, and shall be limited to a single fiscal year.

Assessed Value: The value set on real and personal property in order to establish a basis for levying taxes. It is the lesser of the property's maximum assessed value or real market value.

Assigned Fund Balance: Amounts that are *intended* by the government to be used for a particular purpose, but are neither restricted nor committed. Intent should be expressed by the governing body itself or a subordinate high-level official possessing the authority to assign resources to be used for specific purposes in accordance with policy established by the governing body. This is also the residual category of Fund Balance for classification for any governmental fund other than the General Fund. When used in the General Fund, the intent is to use the resources in a manner that is narrower than general purposes of the government and cannot cause a deficit in the unassigned category.

Balanced Budget: A budget is considered balanced when the fund's total resources of beginning fund balance or working

capital, revenues and other financing sources is equal to the total of expenditures, other financing uses and ending fund balance, contingency or working capital.

Bond: A written promise to pay a specified sum of money on a specific date at a specified interest rate. Bonds are most frequently used to finance large capital projects, such as buildings, streets and wastewater upgrades.

Budget: A written report showing the local government's comprehensive financial plan for one fiscal year. It must include a balanced statement of actual revenues and expenditures during each of the last two years, and estimated revenues and expenditures for the current and upcoming year.

Budget Calendar: The schedule of key dates which the City follows in the preparation and adoption of the budget.

Budget Committee: A fiscal planning board of a local government, consisting of the governing body plus an equal number of legal voters.

Budget Document: The estimates of expenditures and budget resources as set forth on the estimated sheets, tax levy and the financial summary.

Budget Message: A general discussion of the proposed budget as presented in writing by the Mayor to the legislative body. The budget message should contain an explanation of the principal budget items, an outline of the governmental unit's experience during the past period and its financial policy for the coming period.

Budget Transfers: Amounts moved from one fund to finance activities in another fund. They are shown as expenditures in the originating" fund and revenues in the receiving fund.

Capital Improvements Program (CIP): A plan for capital expenditures to be incurred each year over a period of years to meet capital needs arising from the long term work program.

Capital Outlay: Items with a value of \$5,000 or more which generally have a useful life of one or more years, such as machinery, land, furniture, equipment, or buildings.

Capital Projects: A long term major improvement or acquisition of equipment or property for public use.

CDBG Community Development Block Grant Fund: A fund used to account for entitlement grant funds from the U.S. Department of Housing and Urban Development (HUD).

Committed Fund Balance: Constraints placed on the use of amounts are imposed by formal action of the government's highest level of decision-making authority.

Contingency: An appropriation of funds to cover unforeseen events and emergencies which occur during the fiscal year.

Debt Service: Payment of general long-term debt principal and interest.

Debt Service Fund: A fund established to finance and account for the payment of interest and principal on all general obligation debt, serial and term, other than that payable exclusively from special assessments and revenue debt issued for and serviced by a governmental enterprise.

Departments: A major administrative division of the City which indicates overall management responsibility for an operation or a group of related operations within a functional area.

Depreciation: (1) Expiration' in the service life of capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy of obsolescence. (2) That portion of the cost of a capital asset which is charged as an expense during a particular period.

EMS: Emergency Management Services

Encumbrance: Obligations in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved. Obligations cease to be encumbrances when paid or when the actual liability is set up.

Enterprise Fund: A fund established to account for operations that are Financed and operated in a manner similar to private business enterprise in that the costs of providing services to the general public on a continuing basis are recovered primarily through user charges. An example would be the Water Fund or Sewer Fund.

Expenditure: This term refers to the outflow of funds paid or to be paid for an asset or goods and services obtained regardless of when the expense is actually paid.

Fiscal Year: A twelve month period to which the annual operating budget applies and at the end of which a government determines its financial position and the results of its operations. (July 1 through June 30 for all Oregon municipalities.)

Forfeiture: The automatic loss of cash or other property as a punishment for not complying with provisions and as compensation for the resulting damages or losses.

FTE: Full time equivalent position.

Fund: A sum of money or other resources set aside for a specific purpose. A division in a budget segregating independent fiscal and accounting requirements.

Fund Balance: The excess of the fund's assets and estimated revenues for the period over its liabilities, reserves, and appropriations for the period. A negative fund balance is sometimes called a deficit.

GASB 54: In February 2009, the Governmental Accounting Standards Board (GASB) issued Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. GASB 54 changed the number of fund balances categories from two to five and required abolishing special revenue funds that were simply transfers from another fund rather than a segregation of incoming restricted revenue for use for a specific purpose.

General Fund: A fund used to account for financial operations of the City which are not accounted for in any other fund. The primary source of revenue are property taxes, franchise fees, state and local shared revenues, licenses and permits, and charges for services provided to other funds. Primary expenditures in the General Fund are made for police and fire protection, public works and general government.

General Obligation Bonds: Bonds for which the full faith and credit of the insuring government are pledged for payment.

Goal: A statement of broad direction, purpose or intent; the purpose toward which an endeavor is directed.

Grant: A donation or contribution by one governmental unit to another unit. The donation or contribution may be made to aid in the support of a specified purpose or function or general purpose.

Interfund Loans: A loan made by one fund to another and authorized by resolution or ordinance.

Internal Service Fund: A fund used to account for fiscal activities when goods or services are provided by one department to other departments.

Levy: The amount of ad valorem tax certified by a local government for the support of governmental activities.

Local Improvement District (LID): The property which is to be assessed for the cost or part of the cost of local improvement and the property on which the local improvement is located.

Maximum Assessed Value (MAV): The maximum assessed value limitation placed on real or personal property by the constitution. It can increase a maximum of 3 percent each year. The 3 percent limit may be exceeded if there are qualifying improvements made to the property, such as a major addition or new construction.

Modified Accrual Basis: A form of accrual accounting in which expenditures are recognized when the goods or services are received and revenues, such as taxes, are recognized when measurable and available to pay expenditures in the current accounting period.

Nonspendable Fund Balance: Amounts in this classification represent funds that cannot be spent such as inventory, prepaid items, long term receivables and loans; or are legally or contractually required to be maintained intact such as the principal of a Permanent Fund (Jurisdictional Exchange Fund).

Objective: A statement of specific direction, purpose or intent based on the needs of the community and the goals established for a given program.

Operating Budget: The portion of the budget that pertains to daily operations providing basic governmental services. The operating budget contains appropriations for such expenditures as personal services, supplies, utilities, materials, and capital outlay.

Operating Rate: The rate determined by dividing the local government's operating tax amount by the estimated assessed value of the local government. This rate is needed when a local government wants to impose less tax than its permanent rate will rise.

Ordinance: A formal legislative enactment by the governing board of a municipality.

Organizational Unit: Any administrative subdivision of the local government, especially one charged with carrying on one or more specific function (such as a department, office or division).

PERS: The Public Employees Retirement System. A State of Oregon defined benefit pension plan to which both employees and employer contribute.

Performance Measures: Specific quantitative measures of work performed within an activity or program.

Permanent Rate Limit: The maximum rate of ad valorem property taxes that a local government can impose. Taxes generated from the permanent rate limit can be used for any purpose. No action of the local government can increase a permanent rate limit.

Personnel Services: Payroll expenses, such as wages, Social Security, medical and dental insurance benefits and retirement contributions.

Program: A group of related activities aimed at accomplishing a major service or function for which the municipality is responsible.

Property Taxes: Ad valorem tax certified to the county assessor by a local government unit.

Real Market Value (RMV): The amount in cash which could reasonably be expected by an informed seller from an informed buyer in an arm's length transaction as of the assessment date. In most cases, the value used to test the constitutional limit.

Reserve Fund: A fund established to accumulate money from year to year for a specific purpose, such as purchase of new equipment.

Resolution: A formal order of a governing body, lower legal status than an ordinance.

Resources: Total amount available for appropriation, consisting of estimated beginning funds on hand plus anticipated revenues.

Restricted Fund Balance: Constraints placed on the use of funds are either externally imposed by creditors (such as through debt covenants), grantors, contributors, laws or

regulations of other governments, or imposed by law through constitutional provisions or enabling legislation.

Revenues: Funds that the government receives as income such as tax payments, fees for specific services, receipts from other governments, fines, forfeitures, grants, shared revenues and interest income.

Revenue Bonds: Bonds issued pledging future revenues, usually water, sewer, or storm drainage charges, to cover debt payments in addition to operating costs.

Risk Management: An organized attempt to protect a government's assets against accidental loss in the most economical manner.

Special Revenue Fund: A fund used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditure for specific purposes.

System Development Charges (SDC): A charge levied on new construction to help pay for additional expenses created by this growth or to compensate for already existing capacity in key facilities and systems already in place which support the new development. '

Supplemental Budget: A financial plan prepared to meet unexpected needs or to spend revenues not anticipated when the regular budget was adopted. It cannot be used to authorize a tax levy.

Tax Rate: The amount of property tax paid by property owners for each \$1,000 of their property's assessed value.

Transfers: Amounts distributed from one fund to finance activities in another fund. Shown as a requirement in the originating fund and a revenue in the receiving fund.

Trust Fund: A fund used to account for fiscal activities of assets held in trust by a local government.

Unappropriated Ending Fund Balance: An amount set aside in the budget to be used as a cash carryover to the next year's budget. It provides the local government with cash until tax money is received from the county treasurer in November. This amount cannot be transferred by resolution or used through a supplemental budget.

Unassigned Fund Balance: Amounts in this category are the residual classification of the General Fund.

Working Capital: See unappropriated ending fund balance.
