

## Grease Interceptor/Trap/Solids Separator Maintenance Log

## City of Coos Bay FOG Management Program

Use this form to log all cleaning, maintenance, and repair events on grease interceptors, grease traps, and solids interceptor devices. The City of Coos Bay Code 13.25 (FOG Management Program) requires all FOG and solids pretreatment devices and maintenance records to be kept on site, and to be made available to the City upon request. Per Coos Bay Code, all users subject to the FOG Management Program shall retain and preserve for not less than five (5) years all records. All non-residential dischargers with a grease trap, grease interceptor and/or solids pretreatment device must properly operate, maintain, clean, and properly manage all wastes removed from their device(s) in accordance with City requirements, as described in the FOG Management Program
