Sponsored and organized by the Coos Bay Downtown Association

Possible Changes to the Welcome Sign Logo...

Late last year, the City Council chose to look at options to replace the City's current logo which was adopted over 20 years ago. To assist the Council in this endeavor, a City Logo Advisory Committee was created consisting of three members each from the Bay Area Artist Association (Joan Goodman Fox, Rick Fox, and Wendy Burger), the City's Design Assistance Team (Hilary Baker, Andy Locati, and Sarah Recken), and the Coos Bay City Council (Mike Vaughan, Thomas Leahy, and Fred Brick). The Committee met several times over the summer with graphic design artist Justin Macduff. Below are three logo ideas the Advisory Committee will present to the Coos Bay City Council at 7 p.m. on September 6, 2016. Please let us know what you think by contacting Public Works Director Jim Hossley at 541-269-8918 or email him at jhossley@coosbay.org

The Garage in Coos Bay...

Whether you need help with your 1968 VW bug or your 2012 Audi S4 you are in luck. Jose Lopez recently opened a new a full service auto repair shop in Coos Bay aptly named The Garage. They are located at 801 South 2nd Street. The Garage works on foreign, domestic, and imports cars, and trucks; and they are conveniently open Monday – Friday from 8am to 5pm. You can contact the business by calling 541-808-3177 or by emailing

thegaragecoosbay@gmail.com.

Tug Irene...

The tug “Irene” was donated to the City in the late 1990’s in memory of Curtis Sauce by his wife Margie Sauce. The Irene was Curtis Sause’s first tug, and it was constructed in 1938. Since 2005, it has been prominently displayed on Highway 101 in downtown Coos Bay across from Holiday Inn Best Western Motel as pictured below:

Unfortunately, the Irene is showing her age; and it is in need of repair. The City has partnered with the Coos Bay Boat Building Center, and they have begun repairing the Irene (see the picture below). The Boat Building Center has a number of enthusiastic members; and one of them, Thomas Harvey, is a wooden boat shipwright by trade and thus has the knowledge and skills needed to make the Irene structurally safe and looking good once again.

Annual Brush Pickup Event...

The City's annual brush pickup will begin Tuesday, September 6th. This popular program was started by the City several years ago to help citizen cleanup and fix up their property. Please follow the guidelines below:

- Brush must be out prior to first day of pickup.
- Brush must be in one pile, must be 5ft. or less in length.
- Brush must be out next to the curb free from overhead obstacles, fire hydrants and other obstacles.
- One pile per address - NO group piles.
- Brush must not exceed five cubic yards. More than five yards can be taken, but prior arrangements must be made.
- Not allowed are grass clippings, sod, dirt, loose leaves, plastic bags, bailing twine, or other materials that are not appropriate for grinding.
- There is an additional cost of \$8.75 per cubic yard during brush pickup.
- There is a \$11.50 per cubic yard plus trip fee for pickup after scheduled brush pickup is finished.

Coos Bay Municipal Code Chapter 8.10, Section 8.10.060 states as follows:

1. No owner or person in charge of property that abuts on a street or public sidewalk shall permit trees or bushes on the property to interfere with street or sidewalk traffic. An owner or person in charge of property that abuts on a street or public sidewalk shall keep all trees and bushes on the premises, including the adjoining parking strip trimmed so that any overhanging portions are at least eight (8) feet above the sidewalk and at least fourteen (14) feet above the roadway.
2. No owner or person in charge of property shall allow a dead or decaying tree to stand if it is a hazard to the public or to persons or property on or near the property.
